

# Liste des préfixes alloués par l'UIT

Afin de compléter la documentation des nouveaux radioamateurs et radio-écouteurs, et pour faire suite à la liste des entités DXCC publiée dans MEGHERTZ magazine N° 263, voici la liste des préfixes alloués par l'UIT (Union Internationale des Télécommunications) aux différents pays. Cela vous permettra de savoir, rapidement, dans quel pays se trouve une station utilisant un indicatif inhabituel. Cette liste est téléchargeable en .rtf sur le site de la revue. Ainsi, vous pourrez effectuer vos recherches rapidement avec les fonctions de votre traitement de texte.
